NEW YORK, Feb. 14.—Ernie Schaaf of Boston, ranking heavyweight boxer, who was knocked out by Primo Carnera, giant Italian, in the 13th round of their bout at Madison Square Garden Friday night, died at 4:30 a. m. today in Polyclinic hospital.

The fighter's life had been de-
spaired of since yesterday afternoon,
when a delicate operation, which
consumed more than three hours,
was performed to relieve intra-
cranial pressure caused by a deep-seated
blood clot and edema of the
brain.

Semi-Coma 78 Hours.

Death came to the boxer while his
mother, Mrs. Lucy Schaaf, his man-
ager, Jonny Buckley, and a priest
grieved at the bedside. Schaaf had
been practically in a semi-coma for
approximately 78 hours that ensued
since the knockout, which the un-
thinking had declared to have been
"assumed". They would not believe
Schaaf had been injured by the com-
paratively light left under which he
collapsed and even yesterday they
held tenaciously to their belief.

Only by death was he able to con-
vince them.

The pugilist never completely re-
gained consciousness at any time
since the injury, although he had

PA NEW OBSERVES

It didn't take Old Sol and a dash
of rain long to melt the snow which
had covered the ground for several
days. Now we need a good shower
to wash away the dirt.

Workmen were engaged this morn-
ing in hauling away the ashes which
had been placed on Highland ave-
nue last week for the protection of
motorists.

Lloyd Wimer of Beckford street
brought a freak of nature to the
News Office today in the shape of
two trunks of separate trees joined
together by a small branch. The
trees were discovered by A.
E. Langlands of 1042 Beckford street
in the vicinity of Moravia yesterday.
Just how the trees became joined
in this manner is a puzzle, as the
limb seems to have grown naturally
from each trunk.

Apparently Valentine day is quite
generally observed even in times of
depression. Pa Newc was in the post-
office lobby late Monday afternoon,
and there was a pre-holiday appear-
ance as a large number of persons
was busy preparing to mail Valen-
tine greetings.

Some of these cross-country buses
are well decorated with license
plates. Pa Newc observed one this
morning, which bore the plates of
New Jersey, Pennsylvania, Illinois,
and Indiana.

Men who are in need of work will
be glad to hear that the city is
planning to build a wall along the

ROBBED OF \$1,900 AND AUTO BY LONE BANDIT

Samuel Levin, who conducts a
store at 1330 Moravia street, accord-
ing to the report that he made to
the police authorities at noon today,
was the victim of a bold and unusual
holdup, just a few minutes previous,
in which a lone holdup man forced
him into his own car in front of the
First National Bank of Lawrence
County, caused him to drive out the
Highland Heights-Wilmington road,
took \$1900 in cash from him, then
forced him out of his car and drove
away with his machine.

Immediately upon receipt of the
information, the police authorities
notified the state police, the Pitts-

burgh Teletype service, Youngstown
and the county authorities and
many officers were soon out search-
ing for the holdup man.

Accosted By Man.
According to Mr. Levin, he had
just stepped out of the bank with
\$1900 which he had secured for busi-
ness purposes, when a man wear-
ing a blue lumber jacket and a gray
hat, came close to him, stuck a gun
into his side and ordered him into
his own car. The man got in with
him and under his direction, Mr.
Levin went out Highland avenue and
onto the New Wilmington highway.

Three Greatest Dollar Days In Local History Scheduled This Week

Time: Thursday, Friday and
Saturday of this week.
Place: Forty New Castle
stores.

The Hero: The Great Ameri-
can Dollar, supported by Law-
rence County Housewives Thou-
sands in the east.

The Title: Passing The Buck.

There it is folks, the title, the
place, the hero and the time, all we
need now is the synopsis of the play
"Passing The Buck" which will be
presented by the merchants of New
Castle the last three days of this
week in the greatest Dollar Days the
city has ever seen since the eagle
sprouted tail feathers.

As you have already guessed the
part of the Buck will be taken by
the Great American Dollar and how
he is going to be passed. Over
counters in exchange for shoes and
shrimps and sealing wax and cab-
bage and swings. The play runs
from nine in the morning until
closing time and from the bargains
offered for your dollar on these
three days the passing is going to
have a lot of clerks buying liniment
for strains.

Dollar Day Popular

Dollar Day has always been a
popular sale day with New Castle
and Lawrence County housewives.
Somehow the merchants always
seem to outdo themselves on that
day. A dollar takes on increased
size, it buys more than it could a
week before or a week after the sale.

In and in order to give every house-
wife in the county the opportunity
of having a part in his economic
drama Dollar Day has been made a
three day affair.

In many cases the value of the
dollar has been doubled even for
these low price times. And compar-
ing the value of the last three days
of this week to the days of four
years ago rubs out the one on the
dollar bill and puts a five there in-
stead. Nothing has been spared in
this bargain offering. "More Duds
for a Dollar" is the motto of the
clothing man, and his neighbors in
the hardware business, the govern-
ment butcher, the notion merchant

DENVER, Feb. 14.—The sen-

"As to the rest," Sir Ronald said,
"Roosevelt's injunction that silence

MERCER, Pa., Feb. 14.—Two
Sharon youths today awaited court
sentence on their guilty pleas to
charges of attempting to extort \$5-
000 from Mrs. Julia Buhl, million-
aire widow, under threats of kid-
naping her "grandson".

Judge J. A. McLaughry ordered
the defendants, Harold Brest, 21,
and Robert S. Pegg, 17, returned to
jail.

Would Take Blame
Brest attempted to take the en-
tire blame for the crime, the idea
for which he said he obtained from
the recent plot to kidnap Charles
A. Lindbergh's second son, Jon. He
informed the court that Pegg was
implicated only to the extent that
he carried out orders to pick-up the
decoy package as it was thrown out
of the Buhl automobile Saturday.

Police are convinced the plot ac-
tually was directed against Henry
Forker, 3d, a nephew of Mrs. Buhl
who has no grandson.

resources in a concentrated search
for the bodies of two boys who were
drowned in Stony creek late Sun-
day.

The boys who lost their lives were
Thomas Crissey, 11, and his brother,
Edward, nine, sons of Roy J. Cris-

More than 100 men, working in
relays, were dynamiting ice in the
stream, smashing it with cranes or
dragging the creek bottom.

Throughout the day, Boy Scouts

wrecking crews were scraping off
the roof and upper portion of the
three-story Cunningham building,
which stands at the corner of Wash-

Workmen tore down the last rem-

this week will find the men making
better time than ever.

Only the Cunningham and another

several days to complete the remov-

Set Eight Mills As County Tax Rate For Year

Two Mill Cut From Rate Of
Past Year Made By
Board

NO CHANGE MADE IN POOR TAX RATE

County Commissioners De-
cide On Tax Millage
Rate Late Monday

County officials officially
fixed the 1933 tax rate Mon-
day afternoon at 8 mills for the
ensuing year. This is a
reduction of two mills from
last year. The reduction all
comes off the general fund.
No reduction was made in
the poor fund. The county
rate will be 4 1/2 mills, in-
stead of 6 1/2 as last year, and
the poor rate, 3 1/2, the same
as last year.

The rate was reached after an
all day session of the county com-
missioners with a committee of the
tax payers league. The commis-
sioners told members of the league
at the opening of the meeting that
they believed a reduction of two
mills could be made in the county
rate.

Budget Gone Over
Every item of the budget was then
gone over, the commissioners ex-
plaining the cost of each depart-
ment last year, and the prospec-
tive cost for the coming year. Af-
ter the general list had been check-
ed the committee was satisfied with
what the commissioners had done.
There did not appear to be any
place where they could have chop-
ped off any more. There were a
few items, such as the cost of main-
taining prisoners at penal institu-
tions, and road damages, where
there was no way of accurately fore-
casting the amount necessary for
next year, but it was agreed that
the estimate made by the commis-
sioners was reasonable.

Buy American Move Is Before State Legislature

McElwee Introduces Resolution
At Session Of House On
Monday Night

(International News Service)
HARRISBURG, Feb. 14.—The
"Buy American" movement gained
impetus in Pennsylvania's legisla-
ture today.

The house last night passed a
resolution sponsored by Rep. Wil-
liam P. Roan, Luzerne county, en-
dorsing the American patriotic
league in its efforts to encourage
the purchase of goods made in the
United States.

A resolution of similar character,
introduced by Rep. William McEl-
wee, Jr., Lawrence county, was be-
fore a committee in the house to-
day for consideration.

Arthur Mometer

If you relish peace and quietude
and harmony in your life, this is
one day you can't forget a token
for your wife. A bud perhaps, a
blushing rose, some candy or a hat,
take home an offering if you like
quiet in your flat. For women are a
funny folk, they don't want money
spent, for things they can get on
without but they like sentiment.
And on this day, they will not kick
if you take home with you, a token
of Saint Valentine, it is the thing to
do. Some candy or some jewelry,
some flowers, bright and gay, but
don't go home without a thing, it's
forty one today.

DELAY ACTION ON STATE DRY REPEALER

Measure Stalled; No Vote In House

House Delays Final Vote
Pending New Liquor
Control Bill

OTHER MEASURES BEFORE LEGISLATURE

By ROBERT F. GORMAN
International News Service Staff
Correspondent
HARRISBURG, Feb. 14.—
Pennsylvania's dry repealer is
stalled on the calendar of the
house.

Contrary to plans developed more
than a week ago, the Corner-Sowers
bill to abolish the state prohibition
act will not go to a final vote
in the lower branch today. Shunted
to a side track, it will rest there, ac-
cording to assembly leaders, until it
gets companionship in the form of
a liquor control bill to substitute for
the Snyder-Armstrong law.

Wets, however, found renewed
confidence in the vote on a resolution
memorializing congress to repeal
the 18th Amendment. The
measure swept to passage in the
house by a vote of 126 to 55.

Although it passed the Rhodes
resolution last week, providing for a
joint commission to study proposed
liquor control legislation, the house
stamped its approval upon the
Sowers resolution which is identical
in principal to the first.

The commission under the latter
measure would be made up solely of
house members. Under the Rhodes
plan, now in senate committee, the
commission personnel would include
appointees of both houses and two
delegated by the governor. Rep.
Sowers had objected to any substi-
tutional representation on the study
group and successfully pressed for
passage of his own ideas.

Demands Relief Action
Dissatisfied with the progress of
the legislature on unemployment re-
lief problems, Rep. John E. Malina,
Philadelphia Democrat, demanded
more concerted action, introducing
a resolution to have the house and
senate appoint a joint committee to
meet with the governor. Malina's
plan is to have the committee and
the governor agree on a program of
jobless aid as a means of speeding
up the necessary legislation.

The house had only one bill on
final passage at the opening session
of the week. The bill, sponsored by
Rep. R. J. Fitzgerald, Erie, abolishing
constable's returns to court in all
counties except Philadelphia, was
passed and sent to the senate.

Meanwhile, the senate passed finally
the Mansfield bill to make a 15
per cent cut in the salaries of county
employees. Senators Harvey and Sor-
dani, Luzerne county members, fur-
nished the only negative votes on
the bill. The judicial salary cutter
still lies on the postponed calendar.

Primary Repeal Substitute.
Evidence that the original primary
repealer is dead was seen when
Senator Leon C. Prince, Cum-

berland, introduced a substitute bill
providing for the nomination by
conventions of state-wide candidates
only. The primary would be retained
for local office nominations under
the terms of the new measure.
Senator Prince also introduced a
bill to abolish the state council of
education.

The senate passed a resolution
asking for data on the community
markets and received, among other
bills, one from Senator Woodward
to provide for legislative reapportion-
ment. It would place four of the
present senators from Philadelphia
in two districts, thereby eliminating
two senators.

Legislators who are hotly press-
ing a probe of the road construction
program decided to modify their
financial demands. The Peters bill
providing for a \$10,000 appropria-
tion to finance the highway invest-
igation was amended to reduce the
amount to \$5,000 and then was passed
on second reading.

Bills introduced in the legislature
last night included:

Rep. Lord, Jefferson—Providing
that the fees to which mercantile
appraisers and the city treasurer in
Philadelphia be entitled shall be paid
by the licensee.

Rep. Caputo, Beaver—Providing
that a candidate for district attor-
ney must reside in the county for a
period of five years prior to the elec-
tion.

Rep. Kinney, Erie—Providing that
rate charges of public utility com-
panies shall not be effective until
approved by the public service com-
mission; authorizing the state park
and harbor commission to borrow
money from the reconstruction fi-
nance corporation.

Fitzgerald, Erie—Providing for an
investigation and study of wages of
women and minors in trade and in-
dustry.

McCandless, Butler—Reducing the
salaries of state officers and em-
ployees from 15 to 25 per cent.

Sen. Scott, Centre—Reducing
compensation for detained witnesses.

Sen. Scott—Appropriating \$4,120-
000 for Pennsylvania State College.

Quite a group of members of the
mayor's committee workmen were
employed today at Gaston Park.
They are building stone walls along
the various streams and it is also
planned to cobbles the bottom of
the streams. Owen Fox is in
charge of the work.

That sportsmen are interested in
organization work is seen by the
attendance of 150 last night at the
session of the Lawrence County
Sportsmen's Association at the Y.
M. C. A. Due to such organizations
Pennsylvania is known for its good
fishing and hunting.

Approximately one month and a
half remains until the annual clean-
up will start in the city and other
points in Lawrence county. Per-
sons who generally have nice yards
in the summer are those who start
cleaning up in early spring.

The stone wall along the Croton
avenue side of the Neshannock river
would make an ideal rock garden, it
is reported. The wall certainly is
worth seeing. It will stand as a
tribute to the men who helped to
build it.

DENVER POLICE ARE BAFFLED IN KIDNAPER HUNT

(Continued From Page One)

plane pilots offered their services,
and peace officers in surrounding
mountain and plains regions search-
ed cabins and dugouts in fruitless
efforts to find some trace of the
missing young millionaire.

But Chief of Police A. T. Clark is
of the hopeful statement that he
thinks he knows the identity of the
man who plotted the kidnapping and
expects to bring about his arrest
within 48 hours.

Will Not Be Harmed
"I am confident Boettcher will not
be harmed and that he will be re-
turned without payment of the \$60,-
000 ransom demanded by the kid-
napers," the police chief explained.

"I do not know who did the actual
kidnaping, but I believe I know
who planned it."

The kidnapers had failed to ac-
cept an invitation from the family
to open negotiations for payment
of the \$60,000 ransom.

No deed of violence during the
frontier era or since has so aroused
the populace. The social super-
structure—from which Boettcher
was rudely snatched while his lively
young wife looked on—and the busi-
ness substructure, which Boettcher
forbears had a hand in building, are,
alike, agitated and a tremble.

Soft-spoken, natty-tailored, per-
fectly poised, the kidnapers, armed
with an automatic pistol, moved
from the shadows shortly before
midnight Sunday when young Boet-
tcher stepped from his car to open
the garage door at his palatial home.

Disappears
He issued a crisp command:
"Come here, Charlie, and stick up
your hands," adding "do what you're
told and everything will be all right."

From that point on, the bizarre
drama moved with clocklike pre-
cision. A dark sedan, with lights
blazing and no license plates, pur-
sued the concrete driveway behind the
Boettcher automobile. Then the
kidnaper courteously handed Mrs.
Boettcher, mute and horror-stricken
witness to the scene, a long en-
velope. The girl's trembling fingers
accepted it through the open car
door.

"Read the enclosure," the gunman
ordered quietly.

While the stricken wife was trying
to read the message, her husband
was marched away, forced at the
point of a gun to enter the gang-
sters' machine, and was driven
away.

As soon as the lights of the ab-
ductor's car disappeared around an
adjacent corner, Mrs. Boettcher ran
into the house and summoned po-
lice.

Expects Heir Soon
Mrs. Boettcher, former Anna Lou
Pigott of Helena, Mont., expects an
heir to the family millions within a
month. She was put to bed last
night under the care of a trained
nurse, her nerves strained to the
breaking point. Her five-year-old
daughter, also named Anna Lou,
slept peacefully, believing her daddy
would soon come home.

Several persons have been ques-
tioned in connection with the kid-
naping. None was placed under for-
mal arrest, and hours of grilling
brought little information. That
would throw light on the kidnapping.
Police reiterated their announce-
ment that an intensive search was
under way for Louis ("Two Gun") Al-
terie, Chicago underworld character.
They declare he may be able to
identify two asserted Eastern gang
leaders who were known to have
been in Denver during the past few
days.

Underworld At Work?
DENVER, Feb. 14.—Underworld
forces were working surreptitiously
today, according to police reports,
to effect the safe return of Charles
Boettcher II, wealthy young Den-
ver broker, kidnaped Sunday night
and held for \$60,000 ransom.

Mrs. Anna Lou Boettcher, the kid-
nap victim's beautiful, blonde wife,
denied she personally had communi-
cated with Joseph P. Roma, Colo-
rado's "bantam booze baron" in an
effort to find her husband, but ad-
mitted that "a friend might have
done so."

When questioned regarding pur-
ported efforts to enlist his aid,
Roma was evasive, declaring that
he had enough troubles already and
did not want to antagonize officers
of the law.

**ROBBED OF \$1900 AND

from Mr. Levin's statements, they
turned over toward the original im-
proved New Wilmington highway
and when near a church (evidently
the Coalton Free Methodist church)
the man relieved him of his money
and then put Mr. Levin out of the
car and drove away.

The direction taken was such that
the holdup man could have gone to
Sharon, Youngstown, Pittsburgh, in
fact most any general direction af-
ter leaving the cross road on which the
holdup occurred.

Mr. Levin got in touch with the
city police as soon as he could get to
a telephone. The car taken was a
Chevrolet coupe belonging to Mr.
Levin and bearing Pennsylvania li-
cense 47227.

City, county and state police are
working in an effort to apprehend
the bandit.

Checkup by the authorities since
the holdup was reported shows that
the Levin car was parked on South
Mercer street, opposite the Henry
Hotel and this is where the hold-
up man put the gun on Levin.

The holdup man is described by
Mr. Levin as being five feet eight
or nine inches in height, weighing
160-165 pounds, and wearing dark
trousers, blue lumber jacket, gray

JAPANESE DRAFT THREE ULTIMATA TO HAND CHINESE

(Continued From Page One)

dressed to Marshal Chang Hsueh-
Liang, Chinese northern military
commander, and bears the seal of
General Nobuyoshi Muto, Japanese
military commandants in Manchukuo.

Ultimata Outlined.
The Japanese Legation outlined
the ultimata as follows:
1—Tang Yu-lin was ordered to
cease resisting Manchukuo forces at-
tempting to occupy and pacify Jehol.

2—Chang Hsueh-Liang was en-
joined from attempting any resistance
by his northern Chinese
armies.

3—The Nanking government was
informed that occupation of Jehol
is an essential step in the preserva-
tion of oriental peace.

Japanese Adamant.
Geneva, Feb. 14.—The Japanese
note declaring her Manchukuo
policy will be maintained, despite
League of Nations opposition today,
was formally handed to Sir Eric
Drummond, secretary of the league,
by Yosuke Matsuoka, Japanese de-
legate.

The note, as revealed by Inter-
national News Service yesterday,
carried Japan's insistence that
maintenance of the Manchukuo gov-
ernment is "the only basis for peace
in the Orient."

As a result of this formal action,
eventual withdrawal from the league
by Japan was considered inevitable.

Budget Is Large.
Tokyo, Feb. 14.—The largest bud-
get in the history of Japan contain-
ing huge appropriations for military
expenditures, was passed by the cabi-
net and house in full session to-
night. The budget totals 2,200,000,-
000 yen (approximately \$460,000,000).

**SET EIGHT MILLS
AS COUNTY TAX
RATE FOR YEAR**

(Continued From Page One)
it was pointed out that this work
has been rapidly increasing. There
are more at the county home than
there were last year, and there are
more on the outside relief. It may
be that this number will diminish
during the present year, but there
is no way of telling. There may be
an increase. In order to be on the
safe side the commissioners thought
that it would be impossible to cut
anything from the amount levied
for the poor fund.

It is true that the county is now
receiving outside help from the
state, but there are certain charges
which remain on the county list,
and there is no way of determining ex-
actly what they will be.

No Cut In Poor Tax
After the different items had
been checked over there were no
members of the taxpayers league
who thought that it would be safe
to cut anything off the poor mill-
age. One member of the league
thought that possibly a half mill
might be cut off, but after some
discussion his views coincided with
the remaining members of the
poor millage should remain the
same.

During the discussion of the
general fund, the matter of the
mothers assistance fund came up.
This fund is supplied half by the
state and half by the county. There
are at present about 80 persons re-
ceiving aid from this fund. There
are about 100 on the waiting list.
The average paid to mothers is a
little over \$33 per month, some
more, some less, depending upon the
number in the family.

May Cut Allowances
The thought was expressed that
when the amounts of distribution
were fixed by the mothers assist-
ance board, commodities were much
higher than they are now, and that
the amount received according to
the old schedule will buy much
more food and clothing.

It was believed that, in view of the large
number on the waiting list, that the
amount which is now being paid to
the 80 be scaled down to correspond
with present prices, or less, and take
on some more who are on the wait-
ing list. However this will be a
matter for the mothers assistance
board to take up.

The matter of salaries of court
house officials and employees was
brought up, but as the hour was
growing late, it was decided to hold
a meeting later at which the atti-
tude of the different county officials
will be learned.

ATTENDS COURT
State Policeman Paul Engle, at-
tached to the local detail, is in Mead-
ville where he is a witness in Craw-
ford county court cases.

**PILE SUFFERERS
LIVE IN SHADOW
OF THE KNIFE!**

If you want to be rid of the tor-
ment of piles without an operation,
throw away your laxative drugs.
Generally it is abuse and neglect of
your bowels that causes bleeding,
itching, aching pain in the first
place, and as long as you continue
to irritate the delicate membranes
with laxatives you are living in the
very shadow of the surgeon's knife.

Start Cream of Nujol treatment
instead, stop the irritation, and take
the first step toward the relief
of pile suffering.

This new form of Nujol is specially
suited to sufferers from piles. It
soothes and heals the delicate bowel
membranes and makes you as regu-
lar as clockwork without any in-
terference with your work or play.

It is delicious to take, and will
cost you only a few cents a day. Buy
it at any drug counter.

Start the new harmless Cream of
Nujol treatment at once. Give it a
real test. Stop at your druggist's
and get a bottle tonight.

**DEATH TAKES
ERNE SCHAAF
THIS MORNING**

(Continued From Page One)
momentary periods of lucidity. In
one of these yesterday morning, his
mind penetrated the fog long enough
to reply gently to the stricken wom-
an who stood pleading for recogni-
tion:

"Yes. It's you, mother."

Last Words.
These were the last words uttered
by Ernie SchAAF.

SchAAF's mother had rushed here
from Boston Saturday morning as
soon as informed of her son's col-
lapse. The retired Buckley, who
realized from the first the serious-
ness of his fighter's injury, had re-
mained constantly at the hospital
since Friday night.

Jack Sharkey, heavyweight cham-
pion, who with Buckley owned a
half-interest in SchAAF, had believed
his protégé would recover and went
to Miami, Fla., on a brief vacation
trip, yesterday he was informed of
the emergency operation. He had
planned to leave Miami this morn-
ing for New York to be present at
the hospital.

To Hold Camera.
At police headquarters this morn-
ing it was said Camera, whose
sledge-hammer blows gradually sap-
ped SchAAF's vitality, probably would
be held on a technical charge of
homicide. It was pointed out, how-
ever, this would be done in order to
get a coroner's inquest.

No one was sorer than the big
Italian over the tragic outcome of
their bout. The pair fought with a
crack at the title at stake. The win-
ner was to have fought Sharkey for
the championship in June.

What effect SchAAF's death would
have on the June bout was prob-
lematical today.

New York, Feb. 14.—Detectives
from the homicide squad were in
charge of Primo Camera's quarters
at a downtown hotel when he awoke
this morning to learn that Ernie
SchAAF, heavyweight boxer, had died
in the night from the effects of
Camera's punches at Madison
Square Garden on Friday last.

However, it was asserted there
probably would be no technical ar-
rest made.

**SHERIFF DIRECTED
TO SELL PROPERTY**

In the case of Nick Kapschynski
against Walter Fornell, Judge R. L.
Hildebrand handed down a deci-
sion today in which the sheriff's pe-
tition for an interpleader is dis-
charged, and the sheriff is direct-
ed to proceed with an execution.
Goods levied upon as the property
of Fornell had been claimed by
his daughter, Magdaline Fornell,
aged 16.

LUNCHEON FEATURES EVENT IN CHURCH

The dining room of the First United Presbyterian church was the scene of a festive gathering Saturday afternoon when the Rebekah chapter of the church entertained at a silver luncheon. The room was beautiful with its decorations of balloons, evergreens and red carnations and at one o'clock two hundred and forty guests sat down at small tables to a most delicious menu.

Following the luncheon there was a brief period of relaxation after which a most enjoyable program was presented. Andrew DiLorenzo, accompanied by Katherine Newberry, sang a group of pleasing melodies.

The dramatic department of Westminster College, under the direction of Prof. Cordray, presented a snappy play "The Telegram" which was well received. The cast included three local students, Helen Weingartner, Charlotte Bartlett and John Hodge.

The success of the event was due to the able management of the general chairman Mrs. J. Clyde Gillilan, and her aides: Mrs. C. H. Young, Mrs. James A. Chambers, tables: Mrs. Ed. Bolland, menu and Mrs. Frank Fehl, program.

Diet Didn't Do This!

HAPPY little girl, just bursting with pep, and she has never tasted a "tonic!"

Every child's stomach, liver, and bowels need stimulating at times, but give children something you know all about.

Follow the advice of that famous family physician who gave the world Syrup Pepsin. Stimulate the body's vital organs. Dr. Caldwell's prescription of pure pepsin, active senna, and fresh herbs is a mild stimulant that keeps the system from getting sluggish.

If your youngsters don't do well at school, don't play as hard or eat as well as other children do, begin this evening with Dr. Caldwell's

Syrup Pepsin. This gentle stimulant will soon right things! The bowels will move with better regularity and thoroughness. There won't be so many sick spells or colds. You'll find it just as wonderful for adults, too, in larger spoonfuls!

Get some Syrup Pepsin; protect your household from those bilious days, frequent headaches, and that sluggish state of half-health that means the bowels need stimulating. Keep this preparation in the home to use instead of harsh cathartics that cause chronic constipation if taken too often. You can always get Dr. Caldwell's Syrup Pepsin at any drug store; they have it all ready in big bottles.

USING "INFLUENCE"
As a business man, or one who numbers prominent firm members as friends you should not ask any of these men to provide employment for your son or your daughter.

Places of employment are curailing expense and turning off help. It is difficult for employers and superintendents to make the required reductions and keep going. Men and women temporarily laid off have been promised their jobs back again as business picks up. It makes it embarrassing for the employer to turn you down, and equally hard for the head of affairs to disappoint reliable workers.

As an intimate friend the employer would like to favor you, of course. You say that if you ask for the favor you think you will get it. Isn't that a selfish attitude to take?

Is that considerate to the worker who has no influential friends? Every firm has to drop faithful workers and owes it to them to employ them as business warrants taking on help.

Besides, your insistence works against your friendship, and so you lose that friendship.

ST. VALENTINE
The wise Charles Lamb once penned a line
Of praise to Bishop Valentine.
"In all the calendar," said he,
"No mitred father's like to thee!
Thy choristers from near and far
The happy, singing Cupids are!"

"This day which has been christened
Has given us the valentine.
By which the lover in his daze
Sends forth some sweet and pretty phrase,
Engraved on arrowed heart or bell.
The ardor of his love to tell."

Old Bishop Valentine, you chose
A diocese which larger grew
No loss, nor hurt, nor troubled day
Drive your parishioners away.
Whatever shocks at men are hurled,
Love will contrive to run the world.

Railroad Conditions Linked With Demand For Federal Aid

Reconstruction Finance Corporation Raises Question Whether Banks Have Followed Best Course In Use Of Funds

Criticism of banks by Allee Pomerene for failure to give as much aid to the railroads of the country, after receiving funds from the Reconstruction Finance Corporation, of which Mr. Pomerene is the head, has stirred a general discussion of rail conditions, and the most desirable use of the funds of the Federal relief agency. It is held in some comments that the banks have an equal obligation to their depositors.

"The United States," says the BALTIMORE EVENING SUN, "already has a virtual mortgage on countless banks, railroads and other corporate enterprises, through the Reconstruction Finance Corporation. Land Bank it is acquiring mortgages on a large and ever-increasing proportion of all the farm lands in the country. If this trend is maintained, the time is already in sight when the United States Treasury will be the country's principal source of credit and the banks will be reduced to the position of mere collecting and disbursing agents."

The MIAMI DAILY NEWS suggests that "apprehension rises in Washington lest the R. F. C. on behalf of the government, should find itself owning a railroad or two."

Mr. Pomerene is quoted by the CHICAGO DAILY NEWS as stating that "the minute the banks lay their hands on any money, they treat it as if it and they were in cold storage." That paper offers the comment: "The bankers are not silent under criticism. They assert that the policy of excessive liquidity is forced upon them by weaknesses of the banking laws, the danger of sudden runs, the general feeling of apprehension and the threat of inflation and the failure of Congress to economize and balance the federal budget. Producers, the bankers affirm, are not, as a rule seeking loans, and those who do of inadequate security and have no real prospects of success. Moreover, the bankers argue, their own pecuniary interest would lead them to accommodate all trustworthy applicants for loans, since idle cash yields no profit. Consumers of goods, when advised to buy more freely, reply that they are forced to retrench and economize, because of the general situation, excessive taxes and uncertainty as to the future. Thus the vicious circle is complete. Pollyanna talk will not break it, nor will the bandying of charges and alibis. It could be broken by sensible measures in Congress—measures of economy, the balancing of the budget and repudiation of all financial quackeries."

"Nearly all the demands for direct currency inflation," thinks the AKRON BEACON JOURNAL, "have their impulse in the cold storage policy which Chairman Pomerene defines. If the big banks, as he suggests, would proceed to exercise the functions for which they were created business and industry would not faint for want of credit accommodations. And the federal government would not be so likely to wind up in the railway business, the terminal for which it is headed by the extensive venture it is making in financing the roads."

Speaking in defense of the banks, the LOWELL EVENING LEADER argues: "Senator Couzens also joined in criticism of the banks, declaring that he has been unable to ascertain how commerce and industry have been benefited by the payment of the loans owned by the railroads. Nevertheless, there is another side to the picture of course. When a bank makes a loan it is lending a money owned by its depositors and is responsible to the depositors for its safe return on a specified date. If the railroads have been unable to repay their loans, the banks naturally have had to turn to some other source for their depositors' money. The R. F. C. conveniently stepped into the breach. The depositors' funds are again safe. Surely the banks cannot be condemned for borrowing who have already demonstrated their inability to repay them. The trouble lies not with the banks but with the railroads."

"Neither can I," shouted the other, who suddenly took on a renewed lease of life and rushed off to the nearby plant of the Glenlyon Machine Works.

Arriving there, he announced to the employment manager: "My name is Timothy Hopkins, and I want to apply for John Macgregor's job. I just saw his drowning in the river."

"Tough luck, old man. His job was taken fifteen minutes ago by the man who pushed him in."

When they show that they can meet their financial obligations promptly they will get all the funds they need."

Indorsing "the good results that have accrued to the nation as a result of the activities of the Finance Corporation," the ALBANY MORRIS declares: "The business interests and the people at large, working on part time or entirely jobless, will look to the banks to do all in their power to help the country to emerge as speedily as possible from the slough of a most difficult economic era. The banks have been extending comparatively little credit for some time, but it is for them to decide whether this policy, however wise it may have been during the past year, is the course of wisdom for them to pursue in the months to come, particularly with reference to general industry. A general return of employment for most of our present ills and any policy that will contribute to that end would appear to be the sane and sensible one to pursue. Recovery can come only through normal and controlled channels, but these must be utilized."

Better methods are demanded by the NEW YORK WORLD-TELEGRAM, with the statement: "The term 'self-liquidating' should be liberalized. Thousands of public projects await this change.—Projects in slum elimination, schools, reforestation, reclamation, parks, hydro-electric development. Immediate construction along these lines would tend to prime the pump of sluggish industry, start buying power, add permanent improvements and wealth to the nation. We have the mechanism for reconstruction. Let it be put to work." On the other hand, the SANTA MONICA EVENING OUTLOOK voices the indorsement of the work done: "The handling of the great sums involved in the R. F. C. loans has been, in the main, above criticism. It is easy to find fault, and when the total volume of relief has amounted to \$3,000,000,000, it would not be strange if an occasional mistake of judgment occurred, but they have been of a minor character. No human institution is 100 per cent perfect. The work of the Reconstruction Corporation as a whole has been a great credit to American statesmanship and of inestimable value to American business life."

The World AND THE Mud Puddles

GETTING SERIOUS

The following incident is said to have taken place in England recently.

Trudging along the bank of a river, near one of the great manufacturing centers, a depressed member of the unemployed was suddenly attracted by shouts for help from a man floundering around in the river not far from the bank. The following conversation ensued:

"Help—help—I can't swim."

"Hold on a minute," cried the one on the bank. "What's your name, and where do you live?"

"John Macgregor," gurgled the drowning one; "48 Hayside Road, Manchester."

"Glenlyon Machine Works," replied the one in the water. "But help me, for Heaven's sake; I can't swim."

"Neither can I," shouted the other, who suddenly took on a renewed lease of life and rushed off to the nearby plant of the Glenlyon Machine Works.

Arriving there, he announced to the employment manager: "My name is Timothy Hopkins, and I want to apply for John Macgregor's job. I just saw his drowning in the river."

"Tough luck, old man. His job was taken fifteen minutes ago by the man who pushed him in."

Weekly Health Talk

"In the past few months much has been heard and read regarding the health of babies and children. And this, most decidedly, is as it should be. Today, no greater obligation rests upon the community, state and nation, than that of developing and maintaining the health of the young. On the other hand, in the worthy desire to apply the 'children's first' principle, it is entirely possible to overlook the very important fact that grown-ups also are far from automatic where health is concerned," states Dr. Theodore B. Appel, State Secretary of Health.

"For instance, only a few days ago two persons in a certain community died on the same day because they had become so intensely interested in public welfare activities as to be entirely blind to their own bodily demands. Their intense unselfishness had so warped their judgment that they refused to listen to nature's warnings even when these took the form of actual illness. And nature consequently exacted the price."

"While these cases undoubtedly are exceptional, especially in their coincidence, nevertheless, they illustrate the all too general attitude of the average adult toward his own well-being. True, he will be most conscientious regarding the living habits of his children, but so far as applying a similar interest to himself, somehow he appears to forget about that part."

"While it is therefore sound that in these dire times children should be given first consideration, there is nothing in their idea that even remotely suggests that the concern should be an exclusive one. Indeed, it is just as important that parents have good health as it is to see that their youngsters possess it. Not for many years have conditions been such a drain and strain upon physical and mental health as they are right now."

"Therefore, by all means be solicitous about one's own and the less fortunate neighbors' children, but in the process, it would be well to realize that it is fundamental good sense, even patriotism, to obtain eight hours rest each night, to eat nourishing food in proper quantities, to exercise daily and in every other reasonable way so live that a maximum of vigor and vitality may be attained."

Children first of course, but adults, for the sake of the young ones as well as themselves, most certainly should be a very close second."

A TIN CAN AGE

It is something of a shock to read in the annual trade reviews that more steel was sold last year for containers—mostly tin cans—than was bought by the railroads, and more than half as much as was taken by the building industry and by the motor car manufacturers. The purchases of steel by the railroads were less than a million tons, compared with more than 8,000,000 tons in 1926 and 10,000,000 tons in 1923. The great decrease in railroad traffic, which amounted in 1932 to only about half that of 1929, forced the railroads to economize in every way possible to conserve their restricted revenues. But the can industry used more steel last year than ten years ago.

Popularity of package foods accounts for the sustained activity of the manufacture of tin cans. The cans are chiefly responsible for the widespread custom of purchasing prepared foods the use of which eases the labor of the homes in the preparation of meals.

There are still large numbers of "old-fashioned women" who prefer to do their own canning and to buy and cook raw foods, but the extensive use of prepared foods justifies the characterization of these times as a tin can age.

(Special To The News)
SLIPPERY ROCK, Pa., Feb. 14.—Dr. J. Linwood Eisenberg, president of State Teachers College, Slippery Rock, has been appointed by Dr. James N. Rule, State Superintendent of Public Instruction, to act with a group of five teacher college presidents who will meet a committee of five representatives of liberal arts colleges in Harrisburg, Wednesday, February 15.

These two committees will meet separately with Dr. Rule during the day and together with the State Superintendent in the evening when they will discuss plans for the advancement of teaching and other matters which may come before the committee.

The representatives of the Liberal Arts' College Association of Pennsylvania include: Dr. George L. Onwaka, President of Ursinus College; Dr. Henry W. A. Hanson, President of Gettysburg College; Dr. C. C. Ellis, President of Juniata College; Dr. William T. Tolley, President of Allegheny College; and Dr. Homer F. Rainey, President of Bucknell University.

The state teachers' colleges are represented by the following presidents: Dr. J. Linwood Eisenberg, Slippery Rock; Dr. Albert Lindsay Rowland, Shippensburg; Dr. Charles R. Foster, Indiana; Dr. Francis B. Haas, Bloomsburg; and Dr. Robert M. Steele, California.

POST OFFICE TO CHECK ALLEGED ILLEGAL MAILING

On Watch For Third Class En-
velopes Bearing First
Class Matter

New Castle's post office, at the request of Washington, D. C. authorities, has been on guard against alleged illegal mailing practices by patrons for a week. Postmaster Lake S. MacNab today reported that not one case of direct violation has been found.

Assistant Postmaster General F. A. Tilton, at Washington, dispatched to Mr. MacNab and other postmasters of the country a bulletin announcing the fact that many mailers have and are mailing first class matter at lower rates.

Brings Inspection
A close inspection here of all third class mail bearing one and one half cent stamps was immediately made here by mail dispatchers. Few violations were revealed.

Postmaster MacNab announced that some, however, have misunderstood the fact that no writing or typewritten statements of any kind may be mailed third class with only a one and one half cent stamp to carry it. They must go first class, sealed and bear a three cent postage stamp.

Superintendent of Mails R. A. Steen and his mailing force will continue their watch for violations, MacNab said.

Quoting Mr. Tilton's bulletin announcing the alleged mispractices, MacNab said: "The impression appears to prevail to some extent that written communications, particularly statements of accounts, included printed forms with the amounts filled out in handwriting, typewriting, or on a billing machine, when enclosed in unsealed envelopes are mailable at the third class rate of postage."

"This is not the case. All matter wholly or partly in writing is chargeable with postage at the first class rate three cents an ounce or fraction thereof."

Daily Digest

(Continued From Page Four)

"Lack of cohesion in affairs of government during the period of transition from one political party to another," is emphasized by the FOR T W O R T H STAR-TELEGRAM, with the added explanation: "The Reconstruction Finance Corporation came into being coincidental to presidential election year. The party leader who set the plan to working will be succeeded by the leader of the opposition party on March 4. Under such circumstances what more natural result could be expected than the 'mark time' procedure of all participants in the operation of the three billion dollar financial relief agency? What more could be expected of a group, some of whose members appear certain to be succeeded within a few weeks?"

On the condition of the railroads the KANSAS CITY TIMES says: "They are carrying about half as much freight as they were hauling three and four years ago, and the loss in passenger traffic is still greater. Nevertheless, there is satisfaction in the indications that the great carrier systems no longer are experiencing steadily declining income. Transportation is so essential to the welfare of the entire country that any evidence of an improved financial status of the railroads is gratifying. But earnings of most roads are still far short of providing for payment of interest on their bonds, and unless a substantial increase occurs soon in the volume of traffic readjustment in the obligations of some of the leading companies will become necessary."

COLLEGE Y. W. TO ELECT OFFICERS

NEW WILMINGTON, Pa., Feb. 14.—The Y. W. C. A. cabinet at Westminster College will hold its annual election of officers on Wednesday night. Owing to the multiplicity of laws providing for the granting of pensions, based on the United States Military and Naval Service, and in view of the many classes of beneficiaries involved, the interpretation and application of these laws are attended with difficulty. In most cases, a formal application and certain legal proceedings, including the filing of supporting evidence are required to enable claimants to receive the benefits to which they are entitled.

In the adjudication of pension claims, a wide variety of legal, medical and technical questions are constantly arising which require the study of expert examiners of considerable training and experience and thorough knowledge of pension laws and practice. Among other questions to be determined in the adjudication of claims are those involving length and character of service, origin of disabilities, medical sequences, legality of marriage and divorce, legitimacy of children, contracts, enforceable rights property

all from an

EMPTY TUB!

ILLUSION:

Right before your very eyes the man of magic draws rabbits, vegetables, flowers, fruits—even babies—all from an empty tub! What an astonishing fellow he is!

EXPLANATION:

The assorted rabbits, babies, carrots, cabbages, ribbons and other magical "props" are not created by magic. The tub has a false bottom that is conveniently displaced, and numberless wonderful things spring to life in the magician's nimble fingers. They do literally "spring" because they are made to compress into the bottom of the tub, taking their natural shape as the magician lifts them out.

CAMELS

It's FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW

Tricks are legitimate on the stage but not in business. Here's one that has been used in cigarette advertising...the illusion that blending is everything in a cigarette.

EXPLANATION: Blending is important...but it makes a lot of difference what is blended. Inferior tobaccos can be blended to cover up their humble origin. But your taste soon detects the trick.

The proper use of blending is to bring

out the full "round" flavor of mild, high-grade tobaccos. It's the costliness of the tobaccos, as well as the blending, that counts.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Hundreds of thousands of dollars have been spent by others in the attempt to discover just how Camels are blended. The blend is important.

But all the while Camel spends millions more for choice tobaccos...to insure your enjoyment.

Light up a Camel. Relax, while the delicate blue smoke floats about you. Enjoy to the full the pleasure that comes from costlier tobaccos.

Keep Camels always handy...in the airtight, welded Humidor Pack.

NO TRICKS ..JUST COSTLIER TOBACCOS IN A MATCHLESS BLEND

War Veterans Affairs

Material For These Articles Is Taken From
Government Records

This is the third of a series of articles relating to War Veterans affairs, prepared for the New Castle News.

PENSIONS: Pensions to veterans may be classified into two groups: (1) those for disabilities and diseases incurred in the Military or Naval Service and (2) those given to veterans who served for a specified time during a war provided they are able to meet certain additional requirements not connected with military service, such as indigence, inability to perform manual labor, the attainment of a certain age, or the existence of disease or disability not of service origin.

A further classification of pensions includes those provided for widows, children and dependent mothers and fathers. Such persons may be entitled to pensions when the veteran through whom title is claimed was himself entitled to pension because of a service connected disability or disease or they may be entitled because the veteran merely served in a war for a specified period of time and without regard to the cause of his death. Pensions to widows are sometimes conditioned on the date of marriage and generally widows, forfeit their pensions by re-marriage. Sometimes the age of a widow determines her eligibility for a pension.

Owing to the multiplicity of laws providing for the granting of pensions, based on the United States Military and Naval Service, and in view of the many classes of beneficiaries involved, the interpretation and application of these laws are attended with difficulty. In most cases, a formal application and certain legal proceedings, including the filing of supporting evidence are required to enable claimants to receive the benefits to which they are entitled.

In the adjudication of pension claims, a wide variety of legal, medical and technical questions are constantly arising which require the study of expert examiners of considerable training and experience and thorough knowledge of pension laws and practice. Among other questions to be determined in the adjudication of claims are those involving length and character of service, origin of disabilities, medical sequences, legality of marriage and divorce, legitimacy of children, contracts, enforceable rights property

and income and many other applicable to the peculiar conditions presented by the social and legal status of the claimants.

In the event a claim is allowed, the Veterans Administration determines the rate, issues and certificate, enrolls the name of the claimant for payment, and makes the payments of pension from the roll, each pensioner receiving his check monthly.

Soon after the enactment of the Consolidation Act of 1930, the Administrator of Veterans Affairs issued instructions to all the Regional Offices, Home and Veterans Hospitals to the effect that arrangements should be made to give accurate information to applicants for pension whenever such information was requested. Furthermore, the necessary procedures were established so that applicants for pension benefits are physically examined whenever possible at the various

field stations of the Veterans Administration. Claims for pension continue to be adjudicated and paid by the Central Office of the Veterans Administration, Washington, D. C. but the consolidation of the Pension Bureau with other veterans' relief activities has made possible a more prompt and effective service to pensioners.

Should a claim for pension be rejected by the Director of Pensions, the claimant has the right of appeal to the Administrator of Veterans Affairs, whose decision is final. Under existing laws, no court or other tribunal is vested with authority to review or pass judgment on the action of the Veterans Administration in claims for pension.

Veterans entitled to two or more types of pension, are privileged to accept which ever kind they choose, but no veteran is entitled to more than one pension at the same time.

The next article in this series will deal with Veterans of the War with Spain, Philippine Insurrection and Chinese Relief Expedition.

New Studebakers Are On Display

New Cars Can Be Seen At
Barnes-Snyder Co. On
N. Mercer St.

The new Studebaker motor cars for 1933 are now on display at the Barnes-Snyder Motor Co., 122 N. Mercer street, local Studebaker and Rockne distributors.

These new cars are almost entirely automatic since they operate with very little physical effort. You need scarcely touch the clutch—you switch on the ignition and start the engine at the turn of a key on the dash—you never have to work a choke or adjust a carburetor.

Gears shift as smoothly, silently and safely at any driving speed as though there were no gears. Spring action is automatically controlled by shock absorbers that instantly adjust themselves to all conditions.

The power brakes on all new Studebakers make brake operation

practically automatic. The slightest pressure of the toe tip on the brake pedal brings the car smoothly to a stop.

The Barnes-Snyder Motor Co. extends an invitation to the public to drive these smartly styled, luxurious new Studebakers.

The Studebaker line for 1933 includes a six, \$940 to \$1130; Commander eight, \$1000 to \$1300; President eight, \$1325 to \$1650; Speedway President, \$1625 to \$2040. All prices f. o. b. factory.

Summon Men For Job Interviews

Pymatuning dam applicants who hold blue interview cards from R. L. Meermans, numbering between 1 and 300 inclusive, were notified today to report at the Y. M. C. A. on Wednesday morning at 9 o'clock for their final interviews. Mr. Meermans will see only those who carry the proper cards.

Men hired tomorrow will go to the dam next week.

COLDS ARE NOW REACHING OUT FOR VICTIMS!

Be Wise—Be Careful—Adopt This
Simple Precautionary Measure!

Colds are increasing. In some sections Influenza is breaking out. Don't be alarmed, but don't be careless.

A cold is much easier avoided than cured! Do the sensible thing and adopt the ounce of prevention policy. Stay out of crowds as much as you can. Avoid coughs and sneezers. Dress warmly, keep your feet dry and sleep in a well ventilated room.

Every morning and night take a tablet or two of Grove's Laxative Bromo Quinine. This will keep the bowels open and combat infection by cold germs.

Millions know Grove's Laxative Bromo Quinine as an excellent cold remedy, but not enough know it as an equally excellent preventive. Learn its efficacy and keep

a package handy all winter long as your "safety first" measure.

If you have already caught cold there is nothing better you can take than Grove's Laxative Bromo Quinine. It doesn't merely suppress the cold—it drives it completely out of the system. At the same time it tones the entire system and fortifies against further attack.

For more than 40 years Grove's Laxative Bromo Quinine has been the standard cold and gripe tablet of the world, the formula keeping pace with Modern Medicine. Now in two sizes—30c and 50c. Ask for it by the full name and look for the initials L B Q stamped on every tablet. Reliable dealers will not try to sell you a substitute.

Report Republic Buys Lake Erie Limestone Company

Officials Refuse To Make Com- ment On Report In Circulation

Unconfirmed as yet by the officials of the Republic Iron and Steel Company, but also undenied is the rumor abroad today that the company has purchased the properties of the Lake Erie Limestone Company located in and around Hillsville and in the future will operate the quarries as a part of the steel company organization.

For some time it is known that the Republic has considered having its own supply of limestone for steel making and the quality of the Lake Erie product, coupled with its proximity to the Youngstown plants have apparently led the Republic to making the purchase.

W. Walter Duff, manager of the Lake Erie Limestone Company would make no statement today and H. B. Carpenter, general superintendent of the Republic Iron and Steel Company in Youngstown, O., was at home sick and could not be reached.

Suit For Injuries In Auto Accident

George Hrebik Wants \$25,000
Damages From P. J. Grzybowski And John Dando

The case of George Hrebik against P. J. Grzybowski and John Dando, in which he is asking \$25,000 damages for injuries sustained in an automobile accident at the intersection of South Mill street and Long avenue, is on trial before Judge Jas. A. Chambers today.

Hrebik claims that he was about to cross Mill street at the intersection of Long avenue, and had the green light. There was a street car standing on Mill street, discharging passengers.

Grzybowski, driving Dando's car, was coming east on Long avenue, and in making the turn to Mill street struck Hrebik, who was on the crossing. It is claimed by Hrebik that one of his vertebrae was fractured and that he was otherwise seriously injured, necessitating his confinement in the New Castle hospital for some time.

It is alleged that the accident was due to the carelessness of the driver.

BLOCK OFFERS PUBLIC WORKS PROGRAM TODAY

and prompt balancing of the budget; adjustment of European debts to the U. S. on a scale downward; drastic reduction of the hours of labor and a moratorium on farm mortgages.

Block warned against inflation of the currency asserting "if our people and the people of the world were to lose confidence in the American dollar, the withdrawal of invested money and the hoarding of gold would be so great it would bring chaos to our financial system."

A slash in veterans expenditures was proposed as one method of reducing the cost of government.

"I would suggest a coalition cabinet," he stated, "but I fear our two party system is in the way of this and more is the pity."

"In these days of anxiety and despair, politics should be forgotten. Perhaps an active advisory board having certain defined powers could be appointed by the president to include a half dozen of our leading citizens, no matter what their political affiliations may be."

Advisory Board.

"These citizens whose names would bring confidence to our people, would confer with the president and the cabinet as well as with chairmen of various committees in congress, to devise ways and means to obtain measures helpful to all the country."

Block told the committee "these are desperate and discouraging days. Mere talk and more talk will not help, only action, prompt action—today and not tomorrow—will meet the situation."

THREE GREATEST DOLLAR DAYS IN LOCAL HISTORY

(Continued From Page One)

all of them come back with the refrain "Bigger and Better Bargains for a Buck."

The play, if we might continue in the theatrical simile takes place in the stores, with a complete scene in every store and every scene an episode, with every episode one that saves money for the thrifty housewife.

You can't eat your cake and have it too, neither can you buy merchandise and have your money, but in the case of Dollar Days you can spend less than you ever thought would buy that coat you admired, that dress, those shoes, or any one of a hundred articles that you have been wanting. Articles that you might reasonably expect to pay a dollar and half for will be priced at a dollar and in many cases your dollar will buy just twice what you expected.

The curtain goes up Thursday morning on the economic drama, "Bigger and Better Bargains for a Buck."

Man Faces Charge Of Attempting To Poison Neighbor

Mike Lucas, 46, Castle Shannon Coal Miner Awaits
Action Of Grand Jury

(International News Service)
PITTSBURGH, Feb. 14.—Mike Lucas, 46-year-old Castle Shannon coal miner, today awaited grand jury action on charges he attempted to murder a fellow-worker, William Lewis, 21, by placing brass filings in the man's lunch.

Lucas denied the accusation. He explained the presence of a bottle of brass filings, which was found on his person, by saying he used the material to sharpen tools and wash his hands.

J. P. Federoff, mine foreman, testified at the arraignment that Lewis complained twice to him that he discovered filings on his sandwiches. At first the youth regarded the incident as a practical joke. One sandwich was turned over to a doctor who discovered the filings to be poisonous, authorities said.

Robert Warner was last night chosen as chairman of the newly formed "Galeedeans," unemployed student group which banded together last week to give community service in various ways; Miss Lenore Howley and Mr. Hill were named vice chairmen, and Miss Margaret Warner was selected as secretary, when the group of 50 or more met for a second time in the North street grade school. After organizing, the group moved to launch its proposed city-help program.

Chairman Warner named Stanley Pollard to head a committee to work with Boy Scout officers; Miss Pauline Wolf to head a committee to work with the Y. W. C. A.; Arthur Mackey to work with the Garden club, and Bernard Campbell to investigate what opportunities exist to aid the county's welfare office. In the latter group, as the plan goes, the members would serve as investigators for County Poor Director M. B. Hogue.

Reports of John Rubels were received which told how the unemployed students might contribute their time and service to local charitable organizations, as well as the Mayor's Relief committee.

For a short time, the organization heard L. B. Round, president of the Lawrence County council of the Boy Scouts, cite ways for aiding younger boys.

Bernard Campbell will head the program committee which will draft a schedule of get-togethers. Next week the organization assembles on Tuesday night in the North street building.

The name, "Galeedeans," a Biblical name, was formally adopted after a short discussion.

Mrs. Jack Titus of Edison avenue has returned from Cambridge, Mass., where she visited her daughter Dorothy, who is in nurses' training school there.

State Secretary To Address Local Grange On Friday

All Granges Of County Invited
To Participate In North
Beaver Grange Event

Next regular meeting of North Beaver Grange will be held Friday, February 17 at 8 p. m. sharp in the grange hall. An invitation is extended to the members of all granges of the county to be present at this meeting, due to the fact that John H. Light, secretary of the Pennsylvania State Grange and legislative representative of the state organization at Harrisburg, will be present and tell of his work and what is going on in the state legislature.

World War Vets Meet On Monday

Regular meeting of the World War Veterans Association of Lawrence county held last evening in the hall, third floor, 106 East Washington street, well attended. The membership was reported as having reached the grand total of 548.

Featuring the evening was a novel method of introducing the members to each other. Each member was required to stand up, give his name, division and outfit. When those present had answered, it was found that practically every division of the World War Army was represented. Harley Shoaf, chairman of the benefit dance to be held February 22, received reports on tickets from the members and also reported progress on the event.

The next meeting of the association will be held Monday, February 20 at 7:30 p. m.

Plans Completed For Club Event

A meeting of the committee in charge of the annual meeting of the Lincoln and Garfield club to be held Thursday evening at eight o'clock.

PLAN M. U. F. DRIVE

Preliminary plans for the annual
"Move Up Forward" drive at the
Senior high school, conducted by
the Senior Hi-Y Club were launched
last night at the Hi-Y group's
meeting in the Y. An interesting
discussion on the second topic in
the series, "The Nature of God" was
also presented. Heber Baldwin led it.

President John Stump and Rex
Rowland, former president will meet
with Principal P. L. Orth to select
a date and adult leaders for the
coming campaign interviews.

During the second semester of
school each year, a week is given
over to the M. U. F. campaign pe-
riods, in which prominent business
and professional leaders of the city
and county meet for personal heart-
to-heart talks with any youth who
requests an interview.

Boy's Work Secretary W. A.
Thomas plays an active part in
conducting the drive, and before the
interview periods open he meets in
a general assembly with the high
school boys along with some out-
standing speaker to explain the
campaign more fully.

The Hi-Y boys dined last night
before their program, over which
John Stump presided.

A committee was named last
night to run the Y. M. C. A. torch
to Grove City on February 28. It
will be carried here from Beaver
Falls.

HOLD SPAGHETTI DINNER

Uparatus fraternity members met
last night and enjoyed a spaghetti
dinner.

SEEKING NEW MEMBERS

George Washington junior high
school's Hi-Y Club opened a drive
for new members when they met
with their supervisor, Graham Pat-
terson in the Y last night.

POSTMASTERS DOOMED

Hundreds of acting postmasters,
whose appointments President
Hoover has sent to the senate since
last election day, will have to yield
to Democratic successors soon after
President Roosevelt's inaugura-
tion, without even having been ful-

Father And Son Are Believed To Be Blast Victims

Relatives Of Two Washington
Men Will Try To Make
Positive Identification

(International News Service)
WASHINGTON, Pa., Feb. 14.—
Relatives of Mike Daleo, 50, and his
son, Mike, Jr., 20, both of Washing-
ton, today were to visit the morgue
here to complete identification of
the bodies of the two victims of a
\$10,000 blast and fire at the home of
Joseph Colosi.

Authorities tentatively identified
the two victims as father and son
when one of them was found to be
wearing a belt with a buckle on
which was engraved the word "Mike".
Both have been missing since the blast.

Investigation into the explosion
was redoubled today. Police said
they found four five-gallon cans
partly filled with gasoline in the rear
of the Colosi home. Several other
houses were damaged by the fire.

SEVENTH WARD NEWS

Complete Most Of Depot Heavy Work

Details Remaining Will Com-
plete Only Few Weeks
More Labor

It is only a matter of several
weeks now that the finishing touches
will be placed on the depot work of
the Pittsburgh & Lake Erie railroad.
The hard work is done, according to
the contractor, J. Clyde Gillilan,
and the men are now engaged in the
lighter tasks.

Aside from the construction of the
passenger station, the biggest part
of the work on the station project
was not visible above ground. It
was the drilling and construction of
tunnels beneath the B. & O.
tracks to the B. & O. underground
and from the P. & L. E. station
platform down to Liberty street.

Cold weather has prohibited the
laying of concrete in several parts
of the job.

IS TREATED HERE

Bobby Branscome, six year old boy
of Columbus, O., was treated for a
severe gash on his forehead Monday
in Seventh ward. The boy, travel-
ing with his parents in a sedan, had
fallen forward from the front seat
and hit his head on the dashboard.

The accident occurred a short dis-
tance from here. After the wound
was dressed the boy and his par-
ents were able to continue on home
to Columbus.

SEWING EVERY DAY

Sewing of garments for needy
Seventh ward school children con-
tinues every afternoon in the sec-
ond floor of the Mahoning school
annex. Scores of garments have
been produced from material sup-
plied by the Red Cross. Half the
number has been given back to the
Red Cross. The other half goes to
needy children of this ward.

MILK DISTRIBUTION

Milk distribution keeps the teach-
ers of the Pollock school busy these
days. Pints of milk are supplied
daily to children of unemployed
families, children who otherwise
would be insufficiently nourished.

Through another local agent, milk
is supplied regularly to children of
the pre-school ages.

Carefully Treated Water Needed For Locomotives

The average railroad locomotive may be a towering giant of speed but its stomach or boiler is much more delicate and easily disturbed than that of the tenderest baby.

In fact, according to Pennsylvania railroad officials here, the average baby can drink with impunity water would give a locomotive pitmain poisoning or something worse and put it on the sick list for a week.

E. & A. division officials say that thousands of dollars every year is spent by the Pennsylvania system to provide a special supply of pure, soft water to humors their delicate gas-tromatic tissues.

Must Cure City Water

"City water," one official spoke up, "is good enough for humans, but it must be carefully treated and softened and certain elements removed or neutralized before it is poured down the iron maw of the railroad engine. Otherwise the flues or pipes which carry hot gases from the fire box through the boiler would be pitted by acid and corroded with scale, the energy and power greatly reduced and its span of life shortened."

At the E. & A. division's roundhouse, in the Seventh ward, is where the locomotives undergo the operations that bring them back into service once some mechanical illness strikes.

Boilers of all locomotives are cleaned once every month where mud cakes the bottoms, and more frequently in cases.

On the Central region lines of the

system, running thru here, locomotives consume thousands of gallons of water daily. The tenders of the largest engines carry 25,000 gallons. Seldom do modern trains halt for their engines to take on water, officials say. Stops are necessary only where long, heavy freight trains refuse.

LITTLE BEAVER

Mrs. Nye, who has been quite ill, is improving.

Grace McHattie is numbered among the sick.

Clyde Young of Castlewood visited at the home of his grandmother, Mrs. Henry Young, last Tuesday.

When Your Cough Hangs On, Mix This at Home
Saves \$2. So Easy! No Cooking!

The best cough remedy that money could buy can easily be mixed at home. It costs very little, yet it's the most reliable, quick-acting medicine you ever used. The way it takes hold of stubborn coughs, giving immediate relief, is astonishing.

Any drugstore can supply you with 2½ ounces of Pinex. Pour this into a pint bottle, and add granulated sugar syrup to make a full pint. To make syrup, use 2 cups of sugar and one cup of water, and stir a few moments until dissolved. No cooking needed. It's no trouble at all, and saves two-thirds of the money a family usually spends on cough medicine. Keeps perfectly and tastes fine.

It is surprising how quickly this loosens the germ-laden phlegm, soothes and heals the inflamed membranes, clears the air passages, and thus ends a severe cough in a hurry.

Pinex is a compound of Norway Pine, in concentrated form, the most reliable healing agent for severe coughs. It is guaranteed to give prompt relief or money refunded.

Members of the Harry L. McBride post, Veterans of Foreign Wars, will hold their second meeting of the month on Wednesday evening in the Legion Home building.

Reports will be submitted by the committees on the recent Tri-County Council meeting, Mother's Day, Poppy Day and other activities.

HITCH-HIKING ROLE DROPPED BY BURGESS

PROSPECT, Pa., Feb. 14.—James A. McGowan, hitch-hiking Burgess of Prospect and unofficial whistle tooter at the last Democratic national convention in Chicago, is already darning off the old suitcase preparatory to departure for the inauguration. But, is he going to hitch-hike to Washington? He is not.

"Nope," he said today, with an air of finality that meant that and nothing else.

"It's too cold, you see. And, besides, I know a fellow by the name of Robert Graham. He drives Austins through to Baltimore, and has promised to drop me off within a few miles of the capital."

TO BAR CHILDREN FROM DANCE HALLS

SHARON, Pa., Feb. 14.—Following a conference with District Attorney Joseph Nelson, Constable George Griffith Monday announced that he will launch a campaign to keep children under 16 years of age out of local dance halls. Many violations of the state law covering such cases have been reported, Griffith said.

Training Institute To Be Held In March

Courses In "Church History" And "Christian Psychology" Will Be Presented

Considerable interest is being manifested in the Leadership Training Institute which is to be held at the First Baptist church for five nights—March 14, 16, 21, 23 and 28. These nights come on Tuesdays and Thursdays.

Two courses will be given; the first course on "Church History" and the second course "Christian Psychology" or a study of the soul. Both courses are especially fitted for young people and adults.

The first class starts at 7:30 and lasts for forty minutes, and after brief devotionals the second class starts and continues until 9 o'clock. There is no registration fee, no text book to be purchased or no examinations to be taken at the end of the course.

The Dean of the Institute is Dr. G. S. Bennett, and he will teach the Church History course for the first night, and for the following nights in order the instructors will be:

Rev. D. L. Ferguson, Dr. N. A. White, Rev. J. Ralph Neale and Rev. C. W. Johnson.

The instructor for the second course throughout will be Rev. C. H. Heaton, who is pastor of the First Baptist church.

All the Sabbath schools in the county will be given opportunity to send representatives to this institute, as this is under the auspices of the Lawrence County Sabbath School association.

KEEP LONG VIGIL OVER MAN'S BODY

GREENSBURG, Pa., Feb. 14.—Failure of undertakers to respond to a call caused the body of William B. Morrow, 55, of South Huntingdon township, to remain 30 hours in the room adjoining that in which his widow and three young children huddled about a cook stove.

Burial was made yesterday from the Westmoreland county home. Relief workers, learning that the family was without fuel, supplied coal. Exposure and pneumonia were the cause of death. Morrow, suffering from flu, left shelter to go out to search for firewood.

POLICE WILL SERVE IN SHARING WORK

OIL CITY, Pa., Feb. 14.—A number of local men who have had experience in police work will benefit by the plan which was adopted by council following granting of indefinite furlough to Police Captain Vernon W. Nelson. The share-the-work plan will be used, each man to work for a period of 10 days.

Lieutenant Thomas E. Sherwood was appointed acting captain of police for the duration of the furlough and Patrolman Wilbert A. Perry has been advanced to the rank of lieutenant.

DOG LICENSE FINES

HARRISBURG, Pa.—Dog owners paid \$13,258 in fines in 1932 for failing to have their pets licensed as the law requires. During the past year 26,873 stray dogs were killed. The Department of Revenue again reminds dog owners that their 1932 license has expired. Licenses for 1933 can be had from any county treasurer.

Automatic Automobiles

COME, see and drive these sensational new Studebakers that operate almost entirely without physical effort.

See how Studebaker engineering genius has succeeded in giving you cars in which you need scarcely ever touch the clutch—in which you switch on the ignition and start the engine at the turn of a key in the dash—in which you never have to work a choke or adjust a carburetor.

Gears shift as smoothly, silently and safely at any driving speed as though there were no gears. Spring action is automatically controlled by shock absorbers that instantly and infallibly adjust themselves to all conditions.

Especially see how Power Brakes, the year's greatest engineering development, make brake operation practically automatic in all the new Studebakers. The slightest pressure of your toe tip on the brake pedal brings the car smoothly, surely to a stop.

Make Exhibit At Westminster

Art Department Has Exhibition In Tower Room Of Old Main Memorial

(Special To The News)
NEW WILMINGTON, Pa., Feb. 14.—An exhibit of handmade pottery and hand wrought jewelry is being shown by the department of art at Westminster College in the tower room of Old Main Memorial. Prof. Harold J. Brennan announces.

The pieces in the exhibit were loaned by Carnegie Institute of Technology and are the work of students in the department of crafts at Tech, under the direction of Prof. F. C. Claytor, one of the most prominent teachers in this field.

Asked what pieces in the exhibit were outstanding, Prof. Brennan said, "There are several. One, a fine pendant in silver, is set in lapis lazuli with a decoration of leaf forms and monkeys. A second is a fine teapot, with an underglaze decoration over which a transparent crackle glaze has been placed to give the piece a very subtle and charming quality."

When questioned about the processes involved in making such objects by hand, Prof. Brennan said, "The pottery is made by the coil method, the most primitive method used by man, and by throwing on the potter's wheel. Throwing vase shapes is almost a lost art due to the greater production of machine methods."

"As for the jewelry, it is made by the same process that Benvenuto Cellini, the Renaissance goldsmith, used. Methods of producing hand-wrought jewelry have changed little."

Future exhibits of the Westminster art department will feature work by Westminster students; an exhibit of old books owned by Westminster students; an exhibit of old books owned by Westminster; a collection of Japanese prints; a collection of fine reprints of works by masters; and some exhibits loaned by the American Federation of Arts, of which Westminster is a member.

WORLD MUST MOVE TO STABILIZE CURRENCIES

Hoover Makes Final Address

President Urges Support Of Democrats In All Constructive Policies

WARNS NATION OF ECONOMIC WARFARE

No Cancellation Of War Debts Will Be Of Aid To U. S. He Says

By EDWARD B. LOCKETT
International News Service Staff Correspondent

WASHINGTON, Feb. 14.—A call for cooperation in a drive to stabilize currencies as the only way to avoid economic ruin, stood as the final public utterance of President Hoover to the American people today.

Speaking as the head of his party, the man whose administration coined the phrase

"prosperity is just around the corner" warned an economic war impends "which threatens to engulf the world."

Addressing the Lincoln day convocation of the National Republican club in New York, he told his colleagues to forget political affiliations and pull with the Democratic regime in every constructive remedy.

Republicans To Return. Mr. Hoover expressed confidence the Republic

returned to power, but added the present was no time to think of political advantage. He returned to the White House by special train after his speech, arriving early this morning.

The address sounded the basic note that world currencies must be stabilized through return to and maintenance of some sort of a gold standard. Mr. Hoover recommended at the same time an endeavor to find a place for silver in enlarged subsidiary coinage, but with gold the basic standard.

Even the war debts, the president said, were of secondary consideration. He put forward the suggestion that if war debts were temporarily set aside as part of an international bargain to place the world on a gold standard, the sacrifice would be worth while, but warned the American people should not be fooled into believing cancellation of the debts pointed the way to recovery.

Vicious Circle. The president pictured the economic disintegration of some countries, and told of abandonment of the gold standard in efforts to inflate currencies. It all provided a vicious circle, he said, bringing wild movements of gold from one country to another.

"Thus," he said, "a mass of gold dashing hither and yon from one nation to another, seeking maximum safety, has acted like a cannon loose on the deck of the world in a storm."

Outlining his ideas for remedying the situation, the president said: "If the world is to secure economic peace, if it is to turn in the tide of degeneration, if it is to restore the functioning of the production and distribution systems of the world, it must start somewhere to break these vicious fiscal and financial circles. I am convinced that the first point of attack is to secure assured greater stability in the currencies of the important commercial nations. With effective stability of currencies these dangers can be at once relaxed. I am not unaware that currency stability is both a cause and an effect in the vicious circle—but we must start somewhere."

World Should Join. The world should be glad to join in a financial action designed to bring restoration of the gold standard, the president again emphasized. Touching on this phase of the problem, he said:

"If some sort of international financial action is necessary to enable central banks to cooperate for the purpose of stabilizing currencies, nations should have no hesitation in joining in such an operation under proper safeguards. If some part of the debt payments to us could be set aside for temporary use for this purpose, we should not hesitate to do so."

This latter statement was qualified later in the speech to assure that the president did not consider a temporary setting aside of the war debts a cancellation.

Earlier, the president had told how increasing tariff barriers built up by foreign nations coupled with a flow of goods manufactured abroad in countries of the gold standard into this country, were wrecking this nation. Of it all, he said:

"These depreciations of currency and regulations of exchange and restrictions of imports originated as defense measures by nations to meet their domestic financial difficulties. But a new phase is now developing among these nations that is the rapid degeneration into economic war which threatens to engulf the world. The imperative call to the world today is to prevent this war."

State Treasury Coffers Swelled By Two Million

HARRISBURG, Feb. 14.—The coffers of Pennsylvania's state treasury have been enriched by a collection of \$2,615,283 in corporation taxes during the last ten days, according to the department of revenue today.

The general fund balance totaled approximately \$4,000,000 on February 1. Fixed expenses for February ran close to \$10,000,000.

Aerial Survey Of Earthquake Area Planned In China

First Aerial Trip Over Kaotai Region Hit By Earthquake Will Be Made Today

(International News Service)

PEIPING, Feb. 14.—An Eurasia Aviation Company airplane left Peiping today, carrying an International News Service observer to make the first aerial survey of the region hit by the Kaotai earthquake.

Arrangements have been made for sending accounts of the destruction back to Peiping by radio, whence it will be relayed to the United States and other countries.

Persistent reports that the disaster was more extensive than officially admitted—official reports say only 280 were killed—have resulted in continued investigation by Europeans at Liangchow, southwest of Kaotai.

Gable To Speak Here Wednesday

State Motor Federation Head To Make Address To Club Members

In addition to other speakers on the program of the New Castle Motor Clubs' program Wednesday night in the Castleton, S. Edward Gable, State President of the Pennsylvania Motor Federation will speak. Mr. Gable has promised to be here and has already been assigned a place on the program of the Motor Club.

The meeting is the annual gathering of the New Castle Motor Club and President Ralph S. Bollsinger is hoping for a large crowd of members out to take part in the meeting. In addition, each member is permitted to bring along a guest or two and many will avail themselves of this opportunity.

Prof. Alan B. Davis, dean of the Department of Music of Westminster College has promised to provide the musical entertainment for the evening and this assures a splendid program insofar as the entertainment is concerned.

Five governors will be elected to serve for the coming year and reports of the various committees will be heard. The meeting takes place in the Castleton Hotel at seven thirty o'clock.

Delicious Cereal Relieves Constipation

Read this very enthusiastic letter:

"Something like eleven or twelve years ago, I began eating Kellogg's ALL-BRAN. When I started, it was called simply Kellogg's Bran, and I believe it was one of the first products of the kind on the market."

"My friends often laugh at my fondness for ALL-BRAN. It gives such a clean taste in the mouth, and I do not feel constipated until I have had my ALL-BRAN."

"If the Kellogg Company should ever stop manufacturing ALL-BRAN, here is one who would be greatly disappointed."—Miss Amy Person, University Park, Iowa.

Science says that ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to further aid regularity. Also iron for the blood.

The "bulk" in ALL-BRAN is much like that of leafy vegetables. How much safer than taking patent medicines—often harmful. Just eat two tablespoons daily for most types of constipation. For serious cases, try it three times daily. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Legal "finis" to the sensational case came when Judge Charles Davis nolle prossed the charges at the request of Prosecutor John C. Kelley.

Judge Warned In Clearfield

Death Threat Is Made Against Judge A. R. Chase In Clearfield County

(International News Service)

CLEARFIELD, Pa., Feb. 14.—Judge A. R. Chase, Clearfield county jurist, has been threatened with "what McCall got" in a letter mailed from DuBois, it was learned here today.

The phrase, "what McCall got," referred to the ambush shooting of L. D. McCall, prominent DuBois attorney, outside his country estate last Friday night. Four bullets, fired from ambush, wounded the attorney as he placed his automobile in the garage.

The letter to Judge Chase was mailed at DuBois on Sunday although authorities declined to disclose its contents other than the threat, and would not state whether they had been asked to investigate the source, Judge Chase told International News Service he had requested that an investigation be made.

Judge Chase added: "I do not think the letter has any connection with the McCall case. However, I have no suspicion of its source."

This development served to convince District Attorney S. Cortez Bell and state police that the motive behind the McCall attack was revenge and not robbery. No arrests have been made.

McCall was reported to be showing a steady improvement at Maple avenue hospital in DuBois.

New Castle To Play Important Game In Valley

Coach Bridenbaugh To Take New Castle High Team To Beaver Falls Tonight

VICTORY NEEDED TO STAY ON TOP

New Castle High School basketball team will play their most important game of the 1933 basketball season tonight at Beaver Falls. Coach Bridenbaugh, Assistant Coaches Thomas and Kline, and Faculty Manager Gardner were in charge of the New Castle High floor squad that left New Castle about 6 o'clock for the valley. Tonight at the Beaver Falls gym tells the tale, whether or not New Castle will continue at the top of the Section race.

Important Game
The crowning game of the year is at hand for the red and black passers. If New Castle wins tonight they will have a magnificent chance of taking the Section Three title, but if the Beaver Falls High team can accomplish what countless hundreds of fans think they will and that is to stop New Castle, then New Castle will be backed right up against the wall, with their only hope to defeat Butler next week.

Coach Bridenbaugh will use the lineup that started the game against New Brighton, with Battley and Komnic at the forwards, Kelly at center and Reiber and Teplica at the guards. This combination clicked very nicely against the New Brighton team. Captain Lester "Bus" Reiber was the whole work in that New Brighton game and if he continues his stride tonight, Beaver Falls will find it tough to stop New Castle. Beaver Falls has not forgotten that 19 to 15 defeat suffered at New Castle earlier in the year. Coach Heckathorne has a new boy, Tachovsky, who looks like the "find" of the year and together with Price, Smith, Barry, Marcondia and Brununky makes a mighty formidable quintet representing the valley school.

The New Castle High Reserves will play the Beaver Falls High Reserves in the preliminary game at 7:15 o'clock. The Reserves undefeated so far this year are coached by "Big" Thomas.

The trip to Beaver Falls tonight is being made by machines, and it is hoped that a good crowd of students and fans will accompany the team to give support.

Amateur Boxer Is Fatally Beaten In Ring In Chicago

Henry Zuziak, 21, Dies Following Beating In Ring Monday Night

(International News Service)
CHICAGO, Feb. 14.—Henry Zuziak, 21 year old amateur boxer, died at his home early today after taking a severe beating in the preliminaries of the annual Golden Gloves boxing bouts here last night.

His victorious opponent was Al Berg. They fought in the 135 pound division.

St. Andrews To Play Reserves

St. Andrews church basketball team will face a tough foe Wednesday night at the St. Marys floor, when they will tangle with the fast St. Marys Reserves. The St. Andrews Reserves will play the fast First Christian team in the preliminary game at 7:30 o'clock.

The St. Marys Reserves are confident that they can take the measure of the strong South Side churchmen, but a conversation is growing that this game will be one of the best of the season at the Saints floor. Dave Riley announced today that St. Andrews will use their regular starting lineup and that the boys are in good shape.

HERE AND THERE IN SPORTS' LAND

Carnegie Tech tossers fractured a five game losing streak when they defeated Washington and Jefferson 35 to 36, at Washington, Pa., last night.

Bobby Leitham, bantamweight champion of Canada has received an offer to fight Johnny King, British empire champion. The bout would be staged in London.

Maureen Orcutt, Englewood, N. J., won the qualifying round in the annual Florida women's tournament at Palm Beach, 39-39-78.

Nine Teams In County League

William G. Andrews Elected President Of Lawrence County League For 1933

GOOD MEETING HELD MONDAY

Lawrence County league baseball will have a new leader this year. William G. Andrews, former sheriff, was elected as president last night at the Sporting Goods Store to succeed Alec Samuels who is stepping down owing to the urge of business. There are nine teams ready to come into the league at the present time, and that at least four more teams will enter, making it a 12 team league.

Nine Teams
The nine teams present at the meeting last night at which an organization was effected were as follows—Croton A. C., Volant, Brent, West Pittsburg, West Side Tigers, New Castle Monarchs, Polish Nationals, Ryantown, Mahoning A. A. The Hillsville and Bessemer teams will likely join the league, but could not be present last night.

The next meeting of the league will be held on Monday night, March 13, which is just one month. At the next meeting all of the teams must have their franchise money ready. It is also hoped that by the time of the next meeting that the other four teams will have entered the league.

Samuels Retires
The other officers elected last night were vice-president, Alec Samuels; secretary and treasurer, Eddie Conner. There was no action taken on the board of commissioners, the managers desiring to wait until the next meeting before making a selection.

Alec Samuels was a good president and kept the league going last year in the face of almost insurmountable circumstances, and the managers are sorry that he would not take the responsibility this year. He retires as one of the finest presidents that the league has ever known.

Fidel LaBarba Defeats Butch

(International News Service)
PITTSBURGH, Feb. 14.—There is still enough craftiness and agility left in Fidel LaBarba today to enable him to hold his own among the younger fighters of his class. The former flyweight champion outpointed Mose Butch, local bantamweight, over a 10 round route here last night by superior in-fighting and long range jabbing.

Tommy Loughran Making Comeback

(International News Service)
PHILADELPHIA, Feb. 14.—Tommy Loughran, veteran Philadelphia boxer who has been making a spectacular boxing comeback, was convinced today he was ready to challenge leading heavyweight contenders. After winning the decision over Walter Cobb, Baltimore, in ten rounds here last night.

Geneva Will Battle Westminster Tonight At New Wilmington

Titans To Meet Worthy Foe—Geneva Won At Beaver Falls

Westminster Undeaten On Home Floor In Past Five Seasons

(Special to The News.)
NEW WILMINGTON, Pa., Feb. 14.—Tonight at New Wilmington the league-leading Geneva college basketball team will attempt to break two traditions: defeat Westminster a second time in one season, and defeat the Titans on the Westminster home floor.

No team has defeated Westminster twice in the same season since Lawther took over the coaching job at Westminster. And in the last five seasons no team has defeated the Titans on the home floor. If any team in the district has a chance of breaking both these traditions, Geneva is the one. The Covenanters broke another tradition in Titan basketball when they defeated Westminster by 14 points at Beaver Falls on January 19. No other team has defeated a Lawther-coached court outfit by more than 10 points in seven years.

Geneva will be hard to beat even though the Titans have the advantage of playing area. With Grahame and Aultman in the lineup the Covenanters will be strong regardless of the other players, and with the others players all good, the chances of the Titans at toppling the leaders are very poor.

Kenny Loeffler will probably start Manning and Grahame at guard, Nave at center, and Aultman and Ginsberg at forward. Against these stars, Lawther will pit Douglas at center, Hunneke and Wilhelm at guard and Newton and Patt at forward.

Siljander, Sweeney and Leyschok will be held on the bench pending the outcome of the play of the starting five.

The lineup:
Westminster F. Aultman
Newton F. Ginsberg
Patt F. Nave
Douglas C. Manning
Hunneke C. Grahame
Wilhelm G. Grahame
Referee—Yans Wallace.
Umpire—Beggs Snyder.
Game starts at 8:15.

Perotta-Hybert Battle To Draw

Sammy Harris Outpoints Babe Picato In Six Rounds

After fans here had been treated to a listless middleweight fight by Ted Estabrook and Johnny Mason it was imperative that a tonic be administered to fandom and it was decided to pit two bulldog type of middleweights in the feature battle in the next pugilistic show at the bowl. Accordingly, George Perotta, a mated with Floyd Hybert, January 28, 1929 and the fight ended in a draw.

They were selected as opponents for reasons as follows:
Hybert had won the decision from Henry Firpo in their first fight but Firpo had no trouble winning the nod in the second fight. In his first fight with Firpo, Geo. Perotta gave tangle, and after the second fight came to an end after he had been floored nine times in the third round and Firpo received credit for a technical knockout when the referee acted.

The Hybert-Perotta bout was popular with the fans. Perotta trained with Emmett Rocco and when he crawled into the ring the effects of the month or more of hard training was plain to be seen and in the early rounds of the battle it looked as though he would win from Hybert. The 10 chapters were filled with hard socks.

Hybert Creates 'Break'
George won the first, the second was even and Perotta captured the third. Hybert fought viciously and earned an even break in the fourth

Saints Defeat Cosmos 18 To 11

St. Marys Reserves basketball team topped the fast New Castle Cosmos 18 to 11 in a fast game at the St. Marys floor last night as a preliminary game to the big game.

The Cosmos held a 6 to 4 lead at the half. The Saints came back strong in the second half to grab the victory.

The playing of Von Dereau, Kearns and J. Uram featured for the Saints, with H. Plant and Solomon the best bets in the Cosmos lineup.

Three Games At Y. M. C. A. Tonight

Highland U. P. meets Sacred Heart and Wesley M. E. opposes Tifereth Israel in A division tilts and First M. E. tackles Second U. P. in a B loop game. Church league at the Y. M. C. A. tonight.

RICHMANS ENTER LEAGUE
Richmans basketball team, as yet untried, will enter the armory league, according to Coach Bullano today. The Richmans have won 13 straight games. The Richmans will meet the fast Harlansburg Indies tonight at the armory floor in a league game.

Perotta-Hybert battle to draw. Perotta to the fifth and sixth but the "break" for Hybert came when he put a left to Perotta's chin in the seventh. Perotta went down and he was "at sea." He did not wait to take a count. Instead he wrapped his arms around Hybert's legs and pulled himself to his feet. He held on to the referee broke them and for the balance of the round he took a lot of punishment.

From then on it was Hybert's fight, although Perotta hit Hybert with a right on the jaw that almost tore Floyd from his heels in the eighth round. Perotta tired perceptibly and took a bad beating around the stomach and when the end of the fight came and the decision was announced it was called out as a draw. This ended Hybert's career here. The bout drew \$1,978.00. Perotta's next and last bout here was with Wildcat Webster March 18, 1929.

In a six round preliminary of the Hybert-Perotta fight, Romeo Pacelli and Mickey Dugan staged a six round draw. In the second chapter Dugan was outboxing Romeo. He left an opening and Romeo sent over a right to the jaw that put Mickey to his knee. He got up without a count and another right snaked its way to his chin and down he went. He got up at the chant of 10.

Romeo dropped the Austrian again but he arose at the count of nine. In the third round he changed his tactics and countered on Pacelli. He did this much in the closing rounds the judges, Fox and Jones, called the fight a draw. They opined that Dugan's work in the closing chapters evened up for the knockdowns in the second chapter of the fight which was worth witnessing.

Classy Sammy Harris who later was killed in a fight with Mickey Duris at Johnstown, Pa., fought Babe Picato in the six round semifinal. The Akron colored boy was too young for the veteran who once had beaten Rocky Kansas and fought the great featherweight in the country. The bout went the limit and the decision went to Harris. In the four round preliminary bouts Nick Polls outpointed Elmo the Mighty and Roy Minter won from Joey Stemple.

PANTHERS WIN GAME
The Panthers defeated the Happy five 27 to 13 in a floor game at senior high floor with Tressler starring for the Panthers and M. Diano the best for the losers.

Carey Confident Dodgers Will Be First Class Club

Too Many "Ifs" Dot Prediction Made By Carey As To 1933 Season

HAVE ONLY THREE REGULAR PITCHERS

By PAT ROBINSON
International News Service Sports Writer.

NEW YORK, Feb. 14.—Max Carey, who started life by studying for the ministry and wound up managing the Dodgers, which is the ultimate in extremes, is convinced the Brooklyn club is a prospective pennant winner, if—

That "if" really should be plural, like this: If Joe Judge stands up, if Del Bissonette can play, if Glenn Wright's ankles don't buckle, if Babe Phelps can stage a come-back, if Walter Beck comes through if—but you can see for yourself just how it is with those dear Dodgers.

Infield Shaky.
But that's the Dodgers, and one wonders what will happen to a smart ball player like Joe Judge when he dons a Dodger uniform.

Tony Cucinello is a fine little second baseman and a good hitter, but Wright is a problem alongside him. The Dodgers hope he'll play a hummer. If not, Flowers will take over the job. Joe Stripp should be better than ever at third. There you have the makings of a great infield that can average more than 300 with the stick if it doesn't crack up.

Fast Outfield.
The outfield is no bargain from a fielding standpoint but the boys can whale the apple. There is Lefty O'Doul, the league's leading hitter; Danny Taylor, Johnny Frederick and the one and only Hack Wilson, all long hitters.

The Dodgers will certainly have good catching with Lopez on the job and Picinich and Sukeroff filling in.

Three Good Pitchers.
Carey is sure of three starting pitchers: Clark, a great left hander; Mungo, coming speed ball king of the league, and Bengie and Beck. If Babe Phelps can regain his 1930 form he could win 20 games.

Rosy Ryan will share relief duty with Jack Quinn, oldest of all ball players.

Carey will try to pick spots for the aged Shaute, Heilmach and Thurston.

East New Castle Meeting Thursday

All members of the East New Castle Athletic association are asked to attend the important meeting to be held at the Shenango high building at 7:30 o'clock Thursday night. This meeting is for all old members and any new members who care to join.

A lot of summer activity is being planned for East New Castle this year. A fast baseball team will be organized, as well as other sporting events. Kenneth Lutz is the president of the association and is untiring in his efforts to make the organization one of the best in Lawrence county.

New Castle Ready For Mat Contests

Local Y To Pit Strongest Grapplers Against Warren, O., Team

FLOOR GAME TO PRECEDE MATCHES

There'll be no faint, languid, feeble, unnerfed or spiritless grapplers in the inter-city Y meet Wednesday night. Instead there will be 14 strong, robust, vigorous youths prepared to use a toe-hold, half-nelson, airplane spin or any other sort of legitimate hold to win the match in which any of the 14 may be entered.

That's the line o'chatier Hen MacNichols, generalissimo of Y. M. C. A. sports sends today concerning the meet between Warren, O., and New Castle. Inasmuch as Henry has been a mat artist himself, is conversant with "Who's Who" on the Warren mat and has drilled the New Castle wrestlers, he ought to know of what he talks.

He believes there will be seven matches and in order to be prepared to offer keen opposition to Warren, which will send here one of the best mat teams in Ohio he has picked Nick George, Ralph Brooks, Gene Cartwright, Johnny George, Tony Gennock, Paul Fabian and Walter Adams as local Y wrestlers.

Prior to the catch-as-catch-can meet, Y All-Stars will play another basketball team which will be composed of some of the best stars in the city. Owing to the classy game and the mat bouts the Y will be the mecca of fans Wednesday night.

Olympics, Richmans And Lamancusa Win

Lawrence county independent basketball league opened last night at the armory. The Olympics won from the Orioles 22 to 16. Red Five lost to Lamancusa 22 to 20 and Richmans defeated Night Hawks 28 to 7.

On Wednesday night Red Five will play Olympics, Harlansburg will tackle Richmans and Jefferson A. C. opposes the Night Hawks. The games were originally scheduled for Saturday.

Flowers Signs With Brooklyn

Pent-House Five From Westminster College Gives Saints Hard Battle Here

St. Marys varsity basketball team gained a 32 to 28 victory over the newly organized and fast Pent-House Five from Westminster College last night at the St. Marys floor. The Saints led at the half 26 to 6.

The Pent-House team came back fast in the second half of the game, but were not equal to the task of overtaking the Saints. The playing of McCall with five field goals and five fouls featured the game for the losers, while Brown and Bloker also played good basketball.

For the Saints the playing of Shaffer, J. Uram, Lasky and Lackey was the best. Things looked bad for the Frasers in the final moments of the game when a couple of field goals would have tied up the battle. Evans played a fine guarding game for the Collegians.

Polish Falcons Top Pittsburgh

New Castle Polish Falcon basketball team, leaders of the Polish Falcon league of Western Pennsylvania, defeated the Pittsburgh South Side Falcons 26 to 21, in a league game at the local floor.

The New Castle team led in every period of the game, but were extended by the visitors. The playing of S. Koszella, M. Kolodjeski, Dudek and J. Mehalec featured the game. The Polish Falcons are undefeated so far this year in league competition.

Tonight the Polish Falcons will play the strong St. Michaels team at the Falcon hall at 7:30 o'clock.

Jim Corbett Had Ups And Downs In Prize Fight Ring

Taught Jim Jefferies How To Box And Then Pupil Knocked Teacher Out Twice

Beat James J. Sullivan For Heavyweight Crown, Is Now Battling Grim Reaper

(Owing to the critical nature of James J. Corbett's illness, a review of the big moments in the career of the great heavyweight champion of other days is especially timely now. Following is the inside story of the Corbett-Jefferies fight by Tad, the immortal writer and artist in the field of sports.)

By TAD
(Copyright, 1933, by International News Service.)

NEW YORK, Feb. 14.—When Jim Corbett was training at Carson City, Nev., for his fight with Bob Fitzsimmons he had a sparring partner, a big raw-boned, 230-pounder, 22 years of age, by the name of Jim Jefferies.

Jim taught the big, good-natured giant the ins and outs of the boxing business and treated him well. He did not take advantage of Jeff and cut him down or mark him up as modern champions do with sparring partners, but really helped him.

Jeff was chief handier on the day of the fight that Corbett lost to Fitzsimmons.

Jeffries Wins Title.

Jeff watched the great fighters closely that day, and on the night after the fight told Delaney he could lick Fitzsimmons. Up to that time Jeff hadn't done much in the fighting line.

A year later he did meet Fitzsimmons at Coney Island and knocked the freckled wonder kicking, taking the world's title away from him.

Two years after that Jeffries was matched to fight his former teacher, Jim Corbett, New York, and the match was made for 25 rounds.

The fight was one of the greatest in the history of boxing. For 22 rounds that night Corbett made a

sucker of the champion. He danced around Jeff, poking a tantalizing left into the latter's face and making him miss 100 times a round.

Among those who backed Jeffries to win was Tom O'Rourke, the veteran manager. Seeing his money floating away round by round he made his way to Jeff's corner and persuaded Billy Brady to make Jeff change his tactics. Tommy Ryan, who was handling Jeff, had the big fellow trying to box with Corbett. O'Rourke showed Brady how senseless such tactics were and, taking Ryan's place, he sent Jeff in to slug, even though he missed nine out of ten to keep on swinging.

Corbett Knocked Out.
In the 23rd round Corbett, in dancing back to avoid a long left from Jeff, bumped into the ropes by mistake and bounced right back again into the path of Jeff's fist.

He was knocked stiffer than a board.

That was 1901. Now we come to San Francisco two years later. Jeff at this time was 28 and right in his prime. Corbett at 37 was to try once again to win back his old title.

Jim Coffroth matched the pair to fight 20 rounds at Mechanic's Pavilion.

Hardest Blow.
Corbett got by the first round nicely. In the second round, however, Jeff ripped a left to Corbett's midriff and almost tore the ex-champion apart. It was a sickening thud that seemed to squash Corbett's insides.

Corbett told this writer after that it was the hardest punch he ever got in his career.

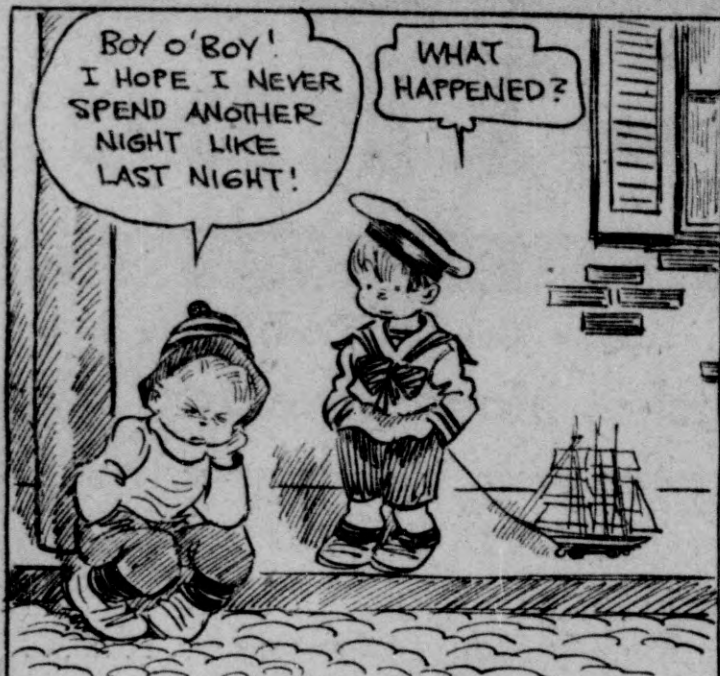

The pupil had mastered the teacher again.

ROAMING

With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

So this m'lad is St. Valentine's Day, the day when small boys send small girls comic pictures, when young men send young women boxes of flowers and candy, and married men forget all about it. The day when sweet sentiment is supposed to get a jog in the pants and come prancing out for a twenty four hour display.

You are advised to say it with flowers, say it with diamonds, say it with candy, say it with anything but words for according to the old axiom talk is cheap, but it takes sugar to buy orchids. It is the day for sentiment that drips with treacle, phrases that sound like the second act of a melodrama, words that get used so seldom that they squeak when they get trotted out.

Back in the old days young men were accustomed to blow a large pot of money, sometimes as high as a quarter, on a lace paper confection that usually was centered with a violent red heart, pierced by an arrow. The arrow was held by a chubby infant called Cupid, who had all the appearances of a youngster whose mother had forgotten all about vitamins and calcium.

Worked around the heart was a filigree of lace paper and then attached somewhere near the center of the whole thing was a verse that read something like this:

"If you get pinched for speeding, love,

And have to pay a good sized fine, I'll send a postcard to the jail,

And sign it "from your valentine."

The Frosh are under surveillance at Westminster College. The rushing season is about to break out and the usual battle plans of fraternities and sororities are being laid.

This is convention week in New Castle. Friday and Saturday the school teachers of seven counties gather here for the first convention of the Mid-Western Section of the Pennsylvania State Educational Association. For two days most of the teachers in this section will be in New Castle.

THUMBPRINTS

There's art in every line of endeavor . . . L. B. Anderson once painted portraits before entering the restaurant game . . . Ralph L. Wetrich's experiences in the butchering business goes back in the family to 1862 . . . and Fred Hyde, the druggist and a school board member once had a grocery store . . . and here's another lad who started life as a farmer . . . Jack Hossle, now the ticket agent of the B. & O. at the Seventh Ward station was a farm boy until he was sixteen and the siren of the railroad called him

As a nation we're great souvenir hunters. One of the restaurants on Washington street can testify to this fact. In the average year, according to one of the proprietors they replace twenty dozen spoons which are carried away by guests. The idea being to show such souvenirs to the folks back in Mauch Chunk or Wyalusing evidence that they have been travelling.

Folks are using the "Buy American" idea in their souvenir hunting. The same restaurateur claims that by accident he got some Japanese ash trays on the table and nobody took them, but how they yelled about the origin of them. And right there the ash trays went to the ash can.

Tax Payers League Will Meet Tonight

Two county officials are expected at the meeting of the Tax Payers League tonight in the League headquarters on Neshannock avenue. Miss Jeanette W. Hutton, Register and Recorder and Ralph McEwen, bell, Prothonotary and Clerk of Courts have signified their intention of being present and will probably speak.

The committee of the League that met with the County Commissioners in their tax reduction session of Monday will probably make a report tonight of what happened at the meeting. The meeting is open to the public.

GROVE CITY WOMEN HEAR SOLICITOR

GROVE CITY, Feb. 14.—Attorney Ed. Moon of Mercer, solicitor to the board of poor directors of Mercer county, was the speaker at the meeting of the Grove City League of Women Voters in the home of Mrs. H. B. Bastress, Park street. Attorney Moon's address continued the interesting study of county government which is being planned by the committee, of which Mrs. A. A. George is chairman. Other local, state and national topics were discussed at the meeting. At the close of the session, tea was served to 60 guests.

Fat Men

Mr. Clarence A. Case of Monterey Park, Cal., writes, "I've fought tendency toward obesity since 23 yrs. old (now 48) and have found Kruschen Salts the only satisfactory remedy. When the old bell begins to tinkle I get back on Kruschen for a bottle or so and take off from 12 to 18 pounds easily and quickly." (July 18, 1927.)

To lose fat surely and SAFELY, take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning.

But be sure to get Kruschen—your health comes first—a bottle that will last you 4 weeks costs but a few cents at New Castle Drug Co., Eckerd's Drug Store, or any drug store in the world—if not satisfied—money back.

City's K. of C. To Help Honor Order's Pioneer Organizer

Lodgemen Will Attend Rally At Oil City In March; Lodges Joining

New Castle's Knights of Columbus will join with 15 other neighboring councils at Oil City on Sunday, March 5, to pay homage to the pioneers who first instigated the movement here.

John P. Connelly, former city solicitor of Philadelphia, co-founder of the St. Mary's Council, No. 512, will be honor guest and speaker. Connelly, with former Supreme Knight James A. Flaherty and past State Deputy John T. Brew, organized the councils of Western Pennsylvania several years ago.

Peter P. Capitola and Thomas Flanagan, local K. of C. leaders, are members of a committee of 21 arranging the Oil City rally.

Your Income Tax In A Nutshell

No. 13 DEDUCTIONS FOR PROFESSIONAL EXPENSES
A professional man may deduct all necessary expenses incurred in the pursuit of his profession. These include the cost of supplies used in his practice, expenses paid in the operation and repairs of an automobile used in making professional calls, office rent, cost of light, water, fuel, and telephone in his office, and the hire of office assistants.
Many physicians use their residences both as their offices and their homes. In such instance the physician may deduct as a business expense the rental value of the rooms occupied for office purposes

if he actually pays rent, and also the cost of light and heat furnished these rooms. Also, he may deduct a portion of the wages paid a domestic servant whose time is partly occupied in caring for these rooms. Membership dues in professional societies are deductible. Physicians and dentists who keep in their waiting rooms current magazines and newspapers for the benefit of their patients may deduct this item as a business expense. The cost of professional journals for the taxpayer's own use also is a deductible item.
The cost of technical books is not a deductible item, being a capital expenditure, but a proportionate amount for each year's depreciation of the books may be deducted. Insurance premiums on office or other professional equipment and liability insurance may be deducted. Automobile liability insurance may be deducted only when the automobile is used wholly in pursuit of the taxpayer's profession, and the cost of the entire upkeep may legitimately be claimed as a professional expense.

Pennsy To Make Office Transfer

Transfer of the Pennsylvania railroads freight offices from their present location in the railroad's freight building to new headquarters in the Pennsy depot will be made as soon as workmen can make necessary adjustments to the depot rooms. It is learned. The freight warehouse will not be affected.
A crew of men commenced the interior renovation work at the station yesterday.
Other minor changes in office locations are expected to be made.

ISSUE PERMIT TO ENON BATHING BEACH

A bathing place permit was issued today by the Pennsylvania State Department of Health to W. T. Rieggle, Enon, to operate an existing bathing beach at Enon Park in Little Beaver Township.

Lester Grimm—Hefty Mull
Daniel Racioppo—Mr. Geo. Merideth.
Fifteen other boys playing the part of campers are lead by Willis Rainey and Walter Rice.

SCOTCHMAN HIDES IN BACK YARD TUNNEL

YOUNGSTOWN, Feb. 14.—A Scotchman who dug a tunnel in his back yard in his eagerness to avoid a free trip to Scotland is starting for the seaboard as an unwilling guest of Uncle Sam. He is James McGrath, 40, of Pierpont, O., whom U. S. immigration officers arrested Saturday after several futile visits to his home. They finally were tipped off about the tunnel and found McGrath hiding in it. They say he has violated the immigration laws twice.

LEGION GIVEN GAVEL FROM CHARTER OAK

MERCER, Pa., Feb. 14.—The American Legion Post of Mercer has been presented with a gavel made from the historic charter oak of Hartford, Conn.

The gift is from General John J. Henderson of Hadley who recently visited the local post escorted by a

delegation from the Greenville post. When this historic tree was blown down in 1856 it was cut into cord wood. The wood was presented to General Henderson who is a Civil War veteran by the governor of Connecticut.

The general is the oldest living survivor of the Civil War in Mercer County. He will be 98 years old in March.

His longevity is rivaled by that of Thomas P. Munnell of Mercer, also a veteran of the same war; who becomes 98 in July.
